Recorded rainfall limited to a few scattered days — 6.00 mm on 03.07.25, 7.00 mm on 09.07.25, 3.00 mm on 11.07.25 and 4.00 mm on 20.07.25. Since then, there has been no significant precipitation. Due to this prolonged dry period, the soil has become deficient in moisture and exhibits a clumpy texture, indicating poor water retention. As a result, the standing crops are showing visible signs of moisture stress during the time And wilting, leaf drooping and reduced vibrancy in foliage have been observed.</p> <p><b>Rabi Season Field Preparations and Sowing Update</b> Field preparations for the Rabi season had been done for the cultivation of green manure crops. The Pillipeasara seed was sown. However, the commencement of sowing for Dhaincha crops is currently on going based on arrival of adequate monsoon rainfall.</p> <p><b>Orchards Maintenance concurrent with seasonal field works :</b> The inter-culture operations are currently under progress in the orchards in anticipation of the seasonal rains . These efforts aim to remove weeds, enhance soil condition through the incorporation of debris beneath the trees. Loosen the soil structure and improve irrigation water percolation capacity.</p>

05	<b>Orchards Maintenance concurrent with seasonal field works :</b> The inter-culture operations are currently under progress in the orchards in anticipation of the seasonal rains . These efforts aim to remove weeds, enhance soil condition through the incorporation of debris beneath the trees. Loosen the soil structure and improve irrigation water percolation capacity. Inter-culture activities are being carried out in the Mosambi, Coconut and Mango orchards.
06	Lower branches, including dry, diseased and drooping ones, were trimmed and pruned from the plantation area located from the office main gate up to the temple gate. This pruning activity helps in improving the vertical canopy structure, supports straight bark growth and enhances light and air penetration, thereby reducing the risk of disease spread. Additionally, the overall look and aesthetic appearance of the area has been significantly improved.
07	The testing section is conducting trials of machinery, including Weeders, etc in the Mosambi and sapota orchards. Weeding has been doing under the canopy and root zone areas of young plants to conserve soil moisture.
08	Regularly collect and remove dry coconut leaves, ensuring the area remains clear of debris and hazardous materials. To facilitate seamless field operations, drip laterals were carefully folded and secured. thoroughly cleaned the Coconut, Mosambi, Mango, Custard apple, Drumstick orchards with cultivators and weeders , eliminating weeds and preventing regrowth.
09	The office garden, encompassing the hedge, lawn, avenues, ornamental plants and estate plantations, is being meticulously maintained to ensure beauty and charm. maintenance activities include: Hedge shaping, Lawn mowing, Strategic placement of pot plants to enhance the garden's greenery and aesthetic appeal and creating a welcoming and serene atmosphere.
10	The drip irrigation system undergoes thorough inspections to ensure optimal performance. Cleaning of the system to prevent clogging, Replacement of damaged micro tubes, dippers and lateral lines. For the healthy growth and development of our diverse crop portfolio, which includes Sapota, Coconut, Mango, Custard Apple, Mosambi, Drumstick and Lemon. By prioritizing the upkeep of our drip irrigation system, we can maximize water efficiency, reduce waste.
11	the areas surrounding the temple, park, at the colony premises, manicured by the shrub master, Brush cutter operations. This maintenance effort aimed to maintain a neat and aesthetically pleasing environment within the colony.
12	Providing regular water tanker services to the young new plantations.
13	Regular maintenance of PVC pipelines was carried out, focusing on the overhead tank area, residential colony areas, Coconut side orchard and Lemon orchard. attended the fitting and repair of various pipeline works timely ensuring water supply.

- 14 various miscellaneous tasks and assignments as instructed by the competent authority on an as-needed basis. prioritize flexibility and responsiveness to ensure timely completion of all assigned tasks.
